

# SOUTH LAWN

## Country House Hotel

### Covid Restrictions Impact

Tier 2 of the national Covid restrictions requires that no more than one household can meet up inside. For Hotels, Restaurants and Bars this restriction extends through the 5 day period of Christmas where 3 households are permitted to spend time together. Additionally, we are unable to serve a guest who simply wants a beer or a glass of wine.

These restrictions severely impact upon our trade during the festive season which is normally our busiest time of the year in our banqueting facilities, restaurant and bars.

We want to do the right thing and we support the government in their approach to tackling the virus. We want to make sure we keep people safe and we also need to protect our business for the future.

It is therefore with a heavy heart that we have taken the decision to close our food and beverage facilities through to the new year.

Despite the downturn for leisure trade and the travel restrictions imposed on people living in tier 3 areas there is still a demand for accommodation in our village. Those required to stay overnight as part of essential or work travel plans and for anybody visiting relatives or friends, we want to stay open. Whilst our restaurant remains closed we are providing a complimentary basic grab and go breakfast facility and have reduced our rates to reflect our limited service.

We continue to support our community and to provide a much valued meal delivery service which is also available to any guests staying with us.

We are grateful for your understanding during what is a difficult time for us all and we are so looking forward to a brighter future for everyone.

Tim, Nikki and the Team
